

Gravely ES Music Activities

Hello Music Families

Week 5 of online Teaching.

How well do you know the **FOUR** families of the orchestra? There is the **String Family**, **Woodwind Family**, **Brass Family** and **Percussion Family**. In music class we spend the majority of time using different instruments from the percussion family.

I want to spend the next 3 weeks spending time learning about the orchestra which is definitely one of my favorite topics to teach. The website we will use is “The Young Person’s Guide to The Orchestra”

Website:

<https://listeningadventures.carnegiehall.org/>

Go to this website and select “Local Game”. Here you can start a **NEW GAME** or go to **PRACTICE ROUND**. “New Game” takes you through the entire game which includes a fun story. “Practice Round” takes you straight to the games and leaves out the story.

You can save your progress in the game and story by registering. This is free. This will allow you to Log in each time and continue where you left off.

This week I want you to focus on the **Woodwind Family**. Go to the **Gravely Music Flip Grid** and tell me something you learned about the **Woodwind Family**.

Would you like to get a head start on recorders for next year? Here are PDFs of all the recorder music for 3-5th grade. You can submit recordings of you playing the different songs at flipgrid.com/gravellyrecorder

The continuing activities from last week are below. You can perform these activities for me, your family or get creative and maybe do a concert for your stuffed animals!

- Main Gravelly Music Flipgrid page - - - > <https://flipgrid.com/gravellymusic>
- You can always email me instead of using Flipgrid. AndersMA@pwcs.edu
- Tell me something you miss about music class? flipgrid.com/758872bc
- Do you play an Instrument? Piano? Guitar? Drums? Recorder? Anything Else? Show me! flipgrid.com/29e9f5bc
- Sing me your favorite song or any song! flipgrid.com/d6bbaef9
- Learn a poem and turn it into a song by singing or rapping it. Poems can be any length. flipgrid.com/810d1d6f
- Do you still remember how to keep a beat? “Steady Beat, Never Speeds Up, Never Slows Down, Stays The Same” Try saying this chant 3 or 4 times while keeping a steady beat with your body. Now listen to some of your favorite songs and keep the steady beat to those songs using creative movement. Show me if you dare!
