

Gravely ES Music Activities

Hello Music Families

Week 8 of online Teaching. This is the final week of teaching! This year was crazy to say the least. I look forward to seeing you all next year.

The years final project will be to create a homemade instrument and show it off.

Using materials you have around the house, create a homemade instrument. There are 4 instrument families: Woodwind, Brass, Strings and percussion.

- **Woodwind instruments** are usually long and skinny and have many keys or buttons and are blown into.
- **Brass instruments** are usually made of metal and sound is created from buzzing your lips into a metal mouthpiece
- **String instruments** are played by strumming the strings or rubbing them with a bow
- **Percussion instruments** are any object that you hit, shake or scrape to play

Show off your creation <https://flipgrid.com/9fd3077a>

The continuing activities from last week are below. You can perform these activities for me, your family or get creative and maybe do a concert for your stuffed animals!

- **Main Gravely Music Flipgrid page - - - > <https://flipgrid.com/gravelymusic>**
- **You can always email me instead of using Flipgrid. AndersMA@pwcs.edu**
- **Tell me something you miss about music class? flipgrid.com/758872bc**
- **Do you play an Instrument? Piano? Guitar? Drums? Recorder? Anything Else? Show me! flipgrid.com/29e9f5bc**
- **Sing me your favorite song or any song! flipgrid.com/d6bbaef9**
- **Learn a poem and turn it into a song by singing or rapping it. Poems can be any length. flipgrid.com/810d1d6f**
- **Do you still remember how to keep a beat? “Steady Beat, Never Speeds Up, Never Slows Down, Stays The Same” Try saying this chant 3 or 4 times while keeping a steady beat with your body. Now listen to some of your favorite songs and keep the**

steady beat to those songs using creative movement. Show me if you dare!
